

## Deep Cavity Sofa Sleeper Mechanism

LINKREST is one of the famous China deep cavity sofa sleeper mechanism manufacturers and suppliers. This deep cavity sofa sleeper mechanism belongs to the deep cavity type. You need a 15cm thick sleep mattress to improve the sleep quality.

## Product Description

### Bi Fold Sofa Sleeper Mechanisms

---

#### Deep Cavity Sofa Sleeper Mechanism Features & Benefits:

1. Overnight sleeper mechanism, but it is deep cavity version which means it takes 15cm thickness of sleeper mattress for better quality of sleeping.
2. The seat will be 1 inch higher than standard cavity mechanism 2500 series.
3. The new updated version is 2700N# which you can't feel the metal cross bar to reduce the backache in sleeping position.
4. 27XX, XX means 72,68,60,44,40,33 (King,Queen,Full,Twin,Mini Twin and Single).
5. We now offer air-breath and fire-proof new deck material for better sitting and sleeping.

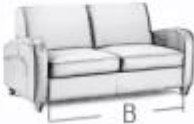

Offer partly assembled version with free tools to install for large container loading capacity! And quality is exactly same as fully assembled sleeper mechanism.
